Dear Sustainability Partner,

We are so grateful for your partnership with Sustainable Contra Costa (SCOCO)! With the help of Partners like you, we’ve inspired and educated over 50,000 individuals to shift to a more sustainable way of living that is good for our communities and our planet. **We hope we can count on your support as a SCOCO Partner again this year and sponsor of the Contra Costa Sustainability Awards Gala coming up in September at the Pleasant Hill Community Center.**

SCOCO is drastically increasing our levels of engagement with youth and groups across our cities and region - exponentially spreading solutions and people’s ability to take meaningful climate action and drive change. **Your support is essential for us to transition through this stage of growth!** Here are a few examples of the programs that your contribution will support:

- **The Cleaner Contra Costa Challenge** helps advance goals for health, safety, economic vitality, energy independence, and quality of life. SCOCO works with several local agency partners to provide a valuable online platform where people measure their household carbon footprint, find resources, choose actions that are right for them, and track their savings. **Over 4400 (and growing) participating households have collectively saved 1220 tons of GHG emissions, 3,121,000 gallons of water, and $524,000 since 2019!**

- Our **Sustainable Leaders in Action (SLIA) youth program** is a growing group of 30+ amazing young leaders and Interns who are working on fun, meaningful activities that develop their leadership and professional skills and encourage action. SLIA members publish a bi-monthly newsletter; host a quarterly Climate Careers Chat with professional panelists; conduct public action campaigns; and work on a summer program for younger kids!

- We also organize regional events and networks that foster community connection, shared solutions, and widespread action including the **Sustainability Awards Gala**, the **SCOCO Network**, a quarterly cities’ partner meeting, and more.

**Can we count on you to renew your SCOCO Partnership?** Your sponsorship will be acknowledged on our websites, social media, and more, including around the **Sustainability Awards Gala** on September 19th where our community will come together to celebrate the individuals, organizations and businesses that demonstrate outstanding leadership in Contra Costa County. We'll put your resources to good work leveraging our shared enthusiasm for healthy, safe, and resilient communities. We are tremendously grateful for your partnership!

Together in Action,

- Tina Neuhauwel and the SCOCO Team
